

The SCCA Houston Region Proudly Presents

DIY String Alignment

“how difficult could it be?”

course design by Corey Phillips

1
Beautiful morning!
This should take
what .. 30 minutes?

2
Wait, the floor
isn't even level!

3
Which link adjusts camber
and which adjusts toe?
That's the neat part -
they both do both!

4
Acceptable
misalignment
is tied to
remaining sunlight

5
Nailed it!
Let's go race!
